Message from Head of Passenger Services

客運服務總監的話

Dear Colleagues,

Time flies and summer always seems to end too soon.

Summer time has always been harsh on airport operations. Like every year, it is a battle to put through millions of travellers in and out of Hong Kong International Airport. Additional pressure is being put on the airport operation under the unstable weather conditions. Even with advanced technology being implemented here, a swift recovery from prolonged airport disruption is credited to the efforts of the airport community.

We SATS HK staffs, who are experienced and always being flexible, had handled a pro-typhoon recovery well at the end of July. It becomes an opening event of all the upcoming challenges. They had also demonstrated their professionalism and dedication to serve our customers efficiently in the events of public activities at the airport. We have received a lot of customers' recognition in this regard. Thanks to our frontline and back-office staffs, their efforts are absolutely indispensable.

Uncertainties may bring us more challenges. To well prepare for that, we must always keep ourselves happy and take sufficient rest. Except properly follow the working procedures, safety and security regulations are also the priority. Our generation had come across many difficult situations and as long as we keep our heart open and stand together, there is no challenge we can't overcome.

親愛的同事，

執筆時已到暑假的尾聲。

每逢暑假，機場運作往往會受不穩定天氣影響。這些不測之風雲，為本來繁忙的香港國際機場百上加斤。無論科技有多進步，恢復機場運作仍然有賴數十萬從業員的同心協力。

七月尾突如其來的颱風可算是不同挑戰來臨的熱身賽，但絕對沒有困擾我們經驗豐富，又懂得靈活變通的同事。隨之而來的主要挑戰是意料之外的公眾活動，雖然如此，同事亦貫徹始終，有效率及專業地為客戶提供最好的服務。在這方面我們得到不少客戶的嘉許，這全歸功於一眾的前線和後勤同事，他們所付出的努力絕對是功不可沒。

未來香港還有很多不確定的因素，也許會為機場帶來更多的挑戰。我們要為此作最好準備，保持心身快樂，足夠休息。工作時除了留意程序也不忘安全及保安守則。對於我們這一代經得起風浪的香港人，只要保持溝通，團結一致，再多困難我們亦可共同跨過。

Airport Staff Discounts

On the date 5th of August, a public activity was taken place among different industry fields in Hong Kong. Perhaps it is a day not to be forgotten by the locals and tourists alike.

It was a challenging time for those who had duties on that particular Monday. With our work place located at the airport area, the challenge we had was intensified as the transport infrastructure had been paralyzed.

Proudly to share that there was no single delay and every flight departed on time even under such huge disruptions. This said, contingency planning was brought into play to cope with the crisis, hoping to deliver timely service to our airline customers.

Certain crucial arrangements were incorporated into the plan. SATS HK's command center was set up the day before and being activated in the next early morning to monitor and react to the latest situation development. Shuttle services had been scheduled to transport stranded staff from MTR station to the terminal in case Tung Chung line and public buses were suspended. Manpower is the key support to flight handling. We used different ways to maximize manpower by rescheduling staff leave day, extending shifts and requesting volunteers from all departments. Staff caring is always our top priority. Hotel rooms, snacks and beverages were well prepared in advance to ensure our staff got resting place and their energy level be restored after hours of work.

We made it! All credit goes to our staff dedication and commitment. It does not only show to our airline customers how devoted and enthusiastic we are, but also a good demonstration to the airport community how strong we are as a Team. Let's keep up the great work and team spirit!

Thank you for your kind words.

I would like to take this opportunity to thank the SATSHK Ramp Team for their supreme efforts during the very challenging period late last night and into the early morning. Despite the limited resources the operation went smoothly last night and without incidents in handling the extra flights.

Of particular note, thanks to William and Jacky for their leadership in ensuring a smooth operation for HKA.

Best regards

Richard

On behalf of Qantas Airways please accept our sincere gratitude for your support to us tonight

It's been an extremely difficult day for the airport community, and I also understood that SATS HK had encountered serious shortage of manpower with almost 90 staff unable to report duty

Qantas is very appreciative of your support to deploy maximum manpower to our flight operation which included both ATW and BTW , with your support we were able to dispatch all 4 x aircrafts on time with 89% of full loading

Best Regards

UNITED  

今年8月5日，香港不同行業發生社會運動。也許這是香港人和遊客都不會忘記的一天。

事實上，對那些需要在那個星期一上班的人來說是一個充滿挑戰的時刻。隨著交通設施的癱瘓，工作地點位於機場的我們面臨的挑戰也越加嚴峻。

即使在如此困難的情況下，我們亦能處理好每班進出港的航班，沒有延誤情況發生。這也代表危機應急計劃發揮了作用，使我們為航空公司客戶提供的服務沒有受到太大影響。

這應變計劃中納入了一些重要的安排。新翔(香港)指揮中心在事發前一天設立，並在翌日清晨啟動，以監控和應對最新情況的發展。若地鐵東涌線及公共巴士暫停時，航運控制部會安排穿梭巴士服務，以便將滯留在地鐵站的員工送往客運大樓。人手是航班處理中的關鍵因素。我們採用不同的方式來增加人手調配，如通過重新安排員工休假日，延長工作時間和招募各部門志願者。然而，員工關懷始終是我們的首要任務。我們一早準備酒店客房，充分的輕食和飲品等等，以確保我們的員工有休息空間及能量補給使他們的精神體能得以回復。

最終，我們總算是解決了這次危機。一切功勞都屬於同事們齊心協力，緊守崗位。在此，我們不僅向航空公司客戶展示了我們的對工作的投入和忠誠，而且還向機場社區展示了我們作為一個團隊的強大實力。有賴各同事繼續保持團結合作精神。

Tell us a little bit about yourself.

I started my airport career as an aircraft loading supervisor coordinating the loading activity of passenger and cargo aircraft. After I moved on to ramp co-ordinator where I needed to take care of the passenger side of the aircraft as well, with tremendous luck, I was able to move on to a supporting role for GSE (Ground Support Equipment) fleet management.

Mr. Kevin Sze
施宣浩先生

自我簡介：

我以擔任航機裝載主管開展了機場的職業生涯，負責協調客機和貨機的裝載程序。隨後我成為停機坪協調員，同時兼顧登機橋上的運作。離開前線崗位後，有幸專責地勤設備管理的支援工作。

What is your role at SATS HK? 你在新翔(香港)的工作是什麼？

“

Working for SATS HK is challenging for me as I am overseeing three different sections (GSE Fleet Management, Project Management and Information Technology). It provides the challenges I enjoy and I am able to solve different problems with my airport knowledge and skills.

於新翔(香港)工作對我而言是很大的挑戰，因為我負責管理三個不同的部分（包括地勤設備管理、項目管理和資訊科技）。我樂於接受這些挑戰，並應用我的機場知識和技能把難題解決。

”

What has been the most challenging project you have been involved in during your career? 在你職業生涯，參與過最具挑戰性的項目是什麼？

“

The most challenging project I have encountered was installing GPS system with tracking sensors and interface on the entire fleet of GSE and vehicles at the airport. It was the first attempt and we established workgroups with users and contractor to create and finetune the programs and hardware of the system. Eventually, all the GSE and vehicles on apron use the same GPS system.

我曾參與最具挑戰性的項目是為香港國際機場的地勤設備及車輛安裝全球定位系統。由於是全新的嘗試，我們與客戶和供應商成立了工作小組打造最合適的系統。最後，停機坪所有的地勤設備及車輛也使用同一定位系統。

”

What do you do in your spare time? 工餘時有什麼興趣？

“

During weekend and spare time, I usually spend time with my family especially with my kids. I would try to arrange more holiday destinations with my family.

工餘時間我會陪伴家人，特別是兩個小孩子。我更會安排旅程與家人歡度假
